Humanized service before & after buying Adobe Campaign Classic Developer Certified Professional exam dumps.

NEW QUESTION: 1

A. Option A
B. Option B
C. Option D
D. Option C
Answer: A
Explanation:
CHARGEBACK METHODS
A range of approaches have been developed for implementing
chargeback in an organization, as summarized in the figure
below. The degree of complexity, degree of difficulty, and cost
to implement decreases from the top of the chart [service-based
pricing (SBP)], to the bottom [high-level allocation (HLA)].
HLA is the simplest method; it uses a straight division of IT
costs based on a generic metric such as headcount. Slightly
more effort to implement is low-level allocation (LLA), which
bases consumer costs on something more related to IT activity
such as the number of users or servers. Direct cost (DC) more
closely resembles a time and materials charge but is often tied
to headcount as well.
